Certified Agiloft Partner | Certified Agiloft System Integrator

In addition to the functions provided by stand-alone systems, such as notifying the appropriate people when contracts are about to expire, Agiloft can make the information visible & actionable throughout your enterprise.

Automate the complete contract lifecycle, streamline your approval process & gain actionable insights with Agiloft Contract Management.

Whether you are the supplier of service contracts to your customers, or on the receiving end of service contracts from your company's vendors; Agiloft has everything you need to manage the complete contract lifecycle and integrate contract information into existing business processes.

With Agiloft you can easily link contracts with related accounts, vendors, opportunities, tasks, obligations, products, assets, and more. Agiloft is designed to map any business process, from the simplest to most complex, without programming. Start with the award winning, out-of-the-box system and customise with your own templates, workflows, custom fields, and rules.

An award winning solution

Agiloft's Contract Management Suite was awarded the PC Magazine Editors' Choice award for 2015, 2016 and 2017. The magazine described Agiloft as "the most customisable contract management system on the market".

Agiloft was also ranked number one on Capterra's Top 20 Contract Management Software for 2015, 2016 and 2017.

Efficient Approval Management

Eliminate approval bottlenecks with automatic notifications and one-click email approvals. The Agiloft powerful business rules engine keeps your contract team running like a finely tuned machine.

Instant File Access

Keep contracts at your fingertips and retire your file cabinets with a secure, centralised contract repository. Find any contract or clause in an instant with full text search of contracts & attached files.

Powerful Insights & Reporting

Gain actionable insight into contract costs, renewals, and revenues with configurable budget and forecast reports. Automatic alerts mean you'll keep up with every renewal opportunity, every time.

Certified Agiloft Partner

Certified Agiloft System Integrator

Certified Agiloft Partner for Australia, SE Asia, New Zealand and the UK.

SaaSam are proud to be a Certified Agiloft Partner for the Australian, New Zealand, SE Asian and UK regions. We've been utilising Agiloft for clients since 2011 and the adaptive enterprise-class technology platform is 'the engine' behind a number of SaaSam's applications.

U.S. based Agiloft is an internationally recognised provider of web-based agile business process software and consistently rates highly in independent business software reviews.

Focused on mid to large companies that need robust automation, Agiloft provides deep and rapid customisation that easily adapts to serve a wide range of vertical industries. Founded in 1991, the company has achieved steadily accelerating growth and today has over 2.5 million users depending on Agiloft to manage their Service Desk, Contracts, Assets, Repairs, Changes, Billing, CRM, Regulatory Compliance, and custom processes.

Something we love about Agiloft is that the company provides an unconditional 90 day guarantee. They understand that the success of their business depends on total customer satisfaction, so they won't charge a cent if you are not absolutely delighted with what the product can do for your organisation.

Limitless Adaptability

The highly adaptive Agiloft engine allows you to easily modify and extend the system to automate business processes without the need for programming You can define an unlimited number of custom workflows, business rules, groups, teams, tables, fields and relationships. You can configure the system to satisfy your exact needs, using just your browser; and entire new functions can be added and related seamlessly to the out-of-the-box tables in just a few hours.

Fully Custom Interface

The entire interface is in your control with your choice of colours, fonts, logo, and text, and you can create entirely custom interfaces using the end user portal template engine. Over 70% of the brain is devoted to visual processing, so why not make your important customers feel at home by providing a look and feel that dynamically adapts based on their login?

Total Security

An independent security firm executes regular audits of the Agiloft hosting infrastructure and application software; and in keeping with the firm's core principal of transparency, Agiloft publish the results for clients to review. Thanks to the sophisticated security model, your staff, customers, partners, suppliers and affiliates can access the information appropriate for them 24/7 with full security, and you can enjoy a 360 degree view of your business. The system supports unlimited custom groups and provides fine grained access control down to the record and field level for complete process and data access control.
