

SaaSam Assist

SaaSAM offer full consulting services with our experienced and proven team. We work with companies of all sizes and profiles to help them achieve the best possible Agiloft CLM Experience and Return on Investment (ROI).

Let us save you time and money, and ensure your success and adoption of Agiloft CLM.

Most customers require the assistance of our expert professional services team to configure their initial implementation of Agiloft.

BUT what many organisations don't anticipate is that **"they have day jobs"**, and the ownership of their CLM Systems Administration for continued improvement and user adoption falls off their radar.

SaaSam Assist will offer your organisation:

Optimisation

Improve processes to achieve tangible boosts in efficiency and productivity.

Adaptability

Manage change more effectively according to market conditions and business needs.

Strategic Value

Optimise wider business CLM adoption, maximise ROI and deliver insights that inform decision making.

Continuity

Access to decades of CLM domain Experience and delivery of no-code solutions.

Focus on your core business.

Try SaaSam Assist Today

Administrators are critical to the health, performance, and security of software.

However, not every organisation has the time or resources for a dedicated Agiloft System Administrator.

That's why SaaSAM is introducing the SaaSAM Assist Program – to help you get the most from your CLM Investment.

The Advantages of SaaSam Assist

SaaSam Assist is a unique tiered offering that allows you to forecast a monthly allowance that provides you with assistance to enhance and evolve quickly as your business changes.

Our Professional Services team complete rigorous training and certification and have completed hundreds of successful projects so can provide you with your go-to assistance as-and-when you need it.
